5. Title of the notified document: Draft Regulation of the Minister of Agriculture concerning Control and Animal Quarantine Measures for the Importation and Exportation of Pathogen Materials and/or Veterinary Drug Language(s): Indonesian Number of pages: 18
6. Description of content: This regulation is intended as a basis for quarantine officers in conducting control and quarantine measures toward the importation and exportation of pathogen materials and/or veterinary drug, as well as for any establishment and/or person who would like to import and export pathogen materials and/or veterinary drug. This regulation aims to prevent the introduction and the spread of Animal Quarantine Diseases through pathogen materials and/or veterinary drug. The scopes of the regulation are as follows: <ul style="list-style-type: none">- Quarantine controls;- Quarantine requirements;- Quarantine measures;- Quarantine measure for specific purposes;- Non tax quarantine services; and- Other provisions. Control for the importation and exportation of pathogen materials and/or veterinary drug carried out in the form of monitoring and carried out by profiling the establishments, country of origin assessments and risk assessment. The importation of pathogen materials and/or veterinary drug into and for the territory of the Republic of Indonesia is only possible if the disease already exists in Indonesia. If the disease does not exist in Indonesia, importation can be done only for the purposes of national or special interests.

<p>The importation and exportation of pathogen materials and/or veterinary drug into and outside the territory of the Republic of Indonesia must meet quarantine requirements, and are subject to physical and document inspection, as well as quarantine measures in the designated entry and exit points.</p>
